Henry W. Scott, ex-registrar of the U. S. Land Office at Larned, has opened a law office in Larned, and will practice in all courts in Pawnee and adjoining counties. He will also give special attention to business before the U. S. Land office.

C. W. Beeler left yesterday for the west after 600 head of cattle which he purchased. This makes 1,400 head of cattle Mr. Beeler has shipped into this county in the past two months. Any one wishing cattle to feed the coming winter should see him soon and get the "pick of the flock."

Mr. Dickinson and wife of Hodgeman county, who in the city last Monday with a child nine months old which was afflicted with hydrocephalus or dropsy of the brain. They called on Dr. Mosher, who tapped the child and drew off quite a large amount of water. Dr. Mosher informs us that the child may be saved if the rest of the water can be removed.

Dr. C. N. Mosher, formerly of this city and known as Clarence Mosher, returned Wednesday night from Cincinnati, where he has been attending Medical college for the past sixteen months. Clarence is undecided as yet whether he will locate in Kinsley or whether he will go back to Cincinnati or Chicago. We hope, however, that he will make up his mind to remain in Kinsley.

L. E. North, of Edwards county, was shaking hands with the Hodgeman county people last Saturday. Mr. North is the happy possessor of a nice field of corn in Edwards county and says it will stand three feet high at present. He also says that Hodgeman county crops look fine, and we can say that we have been around to look at Hodgeman county grain.—J. M. Beebe.

Yesterday afternoon Roberts Brothers delivery horse balked on the track as he was crossing the railroad on Colony avenue. A freight was in the yard switching and backed up against the wagon, upset it when the horse became frightened and started to run. Chas. Alexander, the driver was thrown out of the wagon, but received no injury. No serious damage was done.

Mr. C. L. Stumbaugh, cashier at the freight depot, met with a singular accident Friday evening as he was starting to go to his home. While in the act of stepping from the depot platform to the rail his foot slipped and he was caught under the rail in such a manner that he was unable to catch himself, falling forward and breaking both bones below the knee of the left limb. Dr. Seacat set the broken member and the patient is getting along as well as could be expected this warm weather.

A number of our young ladies, realizing that indoor amusements are a thing of the past for the time being, conceived the idea of spending a day at Garfield in the beautiful grove on Coon creek. They went fully equipped for fishing and boating, and of course, had the usual luck. Returning quite late in the evening they treated a number of our people to some very choice songs, yet eddy being among the number. The party was composed of the following ladies: Misses Julia and Laura Dempsey, Iva Spiegel, Eva Force and Laura Best.

A tramp printer by the name of Elmer Carlin, who has been working in the Mercury office for some time, got a little too much of "the ardent spirits" into him last Saturday night, and attempted to steal a ride on a train going west. However he did not reach Dodge City, but was found by the side of the railroad track about four miles this side of Dodge City on Sunday morning, in an unconscious condition. He was brought back to this city and taken to the Benedict house where he lay unconscious until about four o'clock in the afternoon when he revived. He was able Monday morning to be out around town. About noon a special passenger train came along which he boarded and went to Dodge City.

Last Saturday night reminds the good people of Kinsley of old time—that is of election times when the "ring" got out in force to celebrate the arrival of the governor or some other prominent G. O. P. stump speaker. The only difference being that this time it was simply an O. P. that had arrived. Such "hooting and hollering" has not been heard in the city since the receipt of the election returns last fall. It was riot run mad with no redeeming feature to commend it to even the hoodlums of the city, providing there were any hoodlums here save those whose actions we are describing. When the representatives of the "Grand Old Party" of progress and reform—likewise of moral ideas starts out on an evangelic tour such as that of last Saturday night it may be barely possible that their actions should not be criticized by one of such slight pretensions to morality as the average Democrat is supposed to possess, hence we will try to "draw it mild" as possible. It is said that actions speak louder than words, but really with that gang last Saturday night it was hard to decide which had the call—though truth to tell actions were getting in their work long after the last man in the gang was able to articulate a word. There is one thing to commend in the fellows comprising the crowd, they were not proud. They spent no time looking around for a first-class hotel when they got "tired and sleepy" but simply lay where they fell. Boys, we are not going to give you dead away this time—but for future reference we "have you on the list."

L. W. Higgins has \$50,000 to loan on city and farm security.

From the Mudge ranch, five head of three-year-old or four-year-old steers, branded with 76, and quarter circle under it, on left side. Any information regarding them will be rewarded. Address, C. W. Beeler, Kinsley, Kansas.
